Renewal of my complaint of March 22, 2016 against **Nicolet Yves**, former Vaudois Prosecutor, promoted federal Prosecutor, for violation of article 49 of the Law of Telecommunication, and abuse of authority

Challenging of all Vaudois Magistrates in block

Mr Attorney General,

As you have foreseen it with sufficiency in your mail of August 8, 2016, your crony at the cantonal court, Christophe Maillard did reject my challenge launched against you. However, I will not follow your cynical advice to address myself with a recourse to the supreme Federal Court. Instead, I renew my challenge concerning you, and I extend it to the whole Judiciary of the canton of Vaud, supported by new elements.

Like the dark room of the Nation (the Federal Prosecutors' Office), one is practicing within your workshops illegally the double file (explanation see enclosure). Sooner or later a blunder risked to overcome, and it happened: somebody of your staff did introduce by error 8 decisions concerning the illegal censorship at my costs into the file accessible to me. See my comments in the enclosure www.worldcorruption.info/index_htm_files/gu_nicolet-e.pdf

Nicolet did establish his illegal censorship in a pure Cabinet justice, and you, Mister Cottier have been briefed by copy of each one of those secret, Inquisition-like decisions, from which I was roguishly excluded, although it has harmed me directly. You did even actively participate to implement it, for example by recommending on March 2nd, 2009 to reject the recourse of Cyber link. You, jointly with 9 Vaudois cantonal «Judges» designated by their names in the enclosure www.worldcorruption.info/index_htm_files/gu_nicolet-f.pdf cannot pretend to be impartial in this procedure. And such a great number of Vaudois Magistrates mixed up in this cheating does legitimate me to challenge in block the complete Vaudois Judiciary on the basis of my analysis contained in my book The Album of Dishonour, chapters II and IX.

Herewith I request:

- 1. The challenge in block of the whole Vaudois Judiciary*
- 2. The right to consult the complete file PE03.0183380-YNT*
- 3. The unsealing of the sequestered e-mail exchange of Michel Tinguely and c9c in the framework of the procedure PE11.011617*
- 4. To mandate the Georges Reymond to act in this procedure as well as my Lawyer ex officio*
- 5. The investigation of my mentioned complaint*

I did observe that the judiciary apparatus is not even able to resolve its worst failures, i.e. the affairs François Légeret and Laurent Ségalat. Therefore, I do not have any illusions whatsoever to succeed to put you back on the right path. You are desperate cases. One day, the Historians will have to clean out your Augean stable.

Sincerely yours

Gerhard Ulrich

Enclosures: mentioned

PS: Nicolet knows by experience that the lies of any first judge become subsequently the procedural truths and are not any longer queried by the rotten judiciary system. Nicolet did actually serve himself massively with the judiciary ambush in which Marc-Etienne Burdet and Gerhard Ulrich have been caught by the fraudulent condemnations pronounced by [Winzap](#) and [Sauterel](#): Starting from December 17, 2008 onwards, he sent his decisions as copies to the Prosecutors' Offices of all Swiss cantons, repeating each time the impressive judiciary records of Burdet and Ulrich, as one was dealing with terrorists. In Switzerland, judiciary records are reputed to reflect the reality, but this is nonsense. See www.worldcorruption.info/index_htm_files/gu_winzap-e.pdf
