Your phone call of October 18, 2016 at 9.15 a.m.

Dear Mr Weidmann,

Your colleague **Stefan Brupbacher** did already phone me on September 22nd, 2016, requesting me to refrain from sending copies of my messages to the wife of the acting President of the Confederation. You repeated this demand.

This phone conversation of half an hour gave me the opportunity to present once more the point of view of the judiciary victims. Since I have started my struggle against the judiciary arbitrariness (from the year 2000 onwards) Switzerland has produced according to my conservative estimations about 100'000 judiciary victims. I have spoken with approximately 1000 of these persons. This represents thus just the peak of the peak of the Iceberg. But since I am collecting systematically all information, I dispose today of a voluminous Database. I am tapping actually this source for writing **my books**.

It is known that I have yielded 4 years of imprisonment for my critics against our Magistrates, which allowed me to complete my knowledge of the judicial tyranny.

*Since my alerting messages addressed to the Federal Councillors and all Members of the Federal Chambers of Parliament did not produce the slightest reaction, I had to amplify my communication. Therefore I started in spring of this year to send copies of my messages to all spouses of our Federal Councillors. I reiterated as well the distribution of flyers in the resident areas of all our Federal Councillors. Today, all Federal Councillors know me. This has been proven during the aperitif which has been offered by them on **31.08.16** in Glarus. I attempted in vain to get into conversation with a member of our government. However, they were poor actors. Since there were not more than about 500 persons assembled on that square, they just could not have me ignored in my striking yellow T-shirt (my Corporate Identity) with the names of two judiciary victims printed in black on it - **Laurent Ségalat** und **François Légeret**! The Federal Councillor **Didier Burkhalter** did finally shake hands with me inadvertently. But when I presented myself to him, he turned around and walked away! Our Federal Councillors are thus adopting an ostrich like behaviour, instead of accepting eventually to start a dialogue with me.*

*By letter of **September 13th, 2016** I gave notice to the Federal Councillor Simonetta Sommaruga, and by copy of it to the whole Federal Council. The set deadline has passed. I am patient. However, I can rightly expect that my *forth denunciation* against the corrupt and fraudulent federal Judge **Roland Max Schneider** will be finally investigated in Bern. My Ultimatum is still valid, only the deadline is prolonged for a while.*

*The power holders of this country can of course rely on the executors of censorship as the federal Prosecutor **Yves Nicolet**, the Vaudois Prosecutor **Stéphane Coletta** and the Director General of the State Radio and Television **Roger de Weck**. But they cannot make disappear from reality the truth of the *disintegration of the Federal Prosecutors' Office*!*

I did survive 16 years of insults and abuse of power, conserving my physical and spiritual fitness. Nobody is contesting that I have always acted non-violently. But nowadays bailiffs may not hope to break my will!

Sincerely yours,

Gerhard Ulrich,
