*cc : To whom it may concern*

### ***Wiping out from the mind the existence of the **judiciary corruption*****

*Mister President,*

*When a former manager of BAUMGARTNER Papier Ltd, who wants do remain anonymous, warned the 1<sup>st</sup> Vaudois investigating Judge at that time **Jacques ANTENEN** (today Commander of the Vaudois Police) that the late Philippinian dictator **Ferdinand MARCOS** was laundering mony via overbilling of his employer, transactions handled by the Banque cantonal vaudoise, this Magistrate replied: «So what ? Switzerland is winning».*

*After the 1<sup>st</sup> Gulf War, the royalties due to the inventor **Joseph FERRAYÉ** of the patents for extinction / blocking of the burning oil wells in Kowait were siphoned by a syndicate of French, American and Swiss oligarchs. This transaction of tens of billions US\$ was drawn up by the notary crook in Geneva **Pierre MOTTU** (he is presently living in Monaco and London), assisted by the Geneva Lawyer **Marc BONNANT** (called the Mozart of the bars, and Chevalier de la Légion d'honneur), in cooperation with the Swiss banksters under the eyes and in complicity of the Prosecutors' Office of Geneva and the Swiss Confederation, including the actuel Attorney General of the Confederation **Michael LAUBER**.*

*The undersigned has denounced between 2004 and 2016 the corruption and embezzlements of the Swiss Federal «Judge» [Roland Max SCHNEIDER](#), defended by the 6 stars Lawyer [Jean-Pierre GROSS](#) successively to 4 Swiss Federal Councillors (our Ministers), the last time to the Minister of Justice and Police [Simonetta SOMMARUGA](#) on August 20, 2016. Our 4 sages did not even have the administrative politeness to acknowledge receipt.*

*3 examples of Swiss judiciary corruption, having in common that the criminals are enjoying up to date full immunity respectively impunity.*

*The [Council of Europe](#) has been informed repeatedly about the uselessness of the [European Court of Human Rights](#) and of the [High commission of human rights of the UN](#), for instance by circular mail of [December 27, 2018](#). In 1999 your supranational entity has created the group of states against corruption - [GRECO](#) – supposed to act as well against corruption. [GRECO](#) is relying on the statistics of [Transparency International](#). When studying the content of the link [www.visualiserlacorruption.fr/analysis](http://www.visualiserlacorruption.fr/analysis) reporting the activities of TI France, one does understand, how these apparatchiks are functioning: They retain naively the corruption cases retained by the courts. With these methods, they managed to classify Switzerland among the 3 less corrupt countries! It is that our judiciary Magistrates are the Guardians of the trickery of the planetarian oligarchs. Since they never condemn cases of judicial corruption, our leaders succeeded to convince the whole world that we had a Constitutional State, where judiciary safety would be prevailing. As a matter of fact, Switzerland is probably the most corrupt country worldwide. No other country is producing such huge per capita sums of corruption. We are the imperialists of corruption which we are exporting extremely successfully.*

*We are facing a global plot of the 4 powers, since the Mass Media do not unravel the real problem neither.*

*National and supranational entities, including the [European Court of Human Rights](#), the [GRECO](#), the [High commission of the human rights of the UN](#) as well as the NGO [Transparency International](#) remain deliberately blind: They are wiping out from their minds the very existing judiciary corruption.*

*However, the waking up of the Nations is progressing. Watch out! A 1<sup>st</sup> citizens' jury just condemned 3 corrupt Vaudois Magistrates (see below).*

*Sincerely yours*

Gerhard ULRICH

*To whom it may concern*

*Judgment of 3 Vaudois Magistrates*

*by a citizens' jury, constituted ad hoc on January 23, 2019*

*Affair Rita ROSENSTIEL [www.worldcorruption.info/eng/rosenstiel.htm](http://www.worldcorruption.info/eng/rosenstiel.htm)*

**1. The admitted facts**

*Rita ROSENSTIEL, born on February 19, 1924, living in Morges (Vaud) was placed under guardianship on November 27, 2013 by the Judge of peace Véronique LOICHAT MIRA based on false pretexts. Subsequently, this Judge named Jean-Pierre GOETSCHMANN as guardian. This man forced Mrs. ROSENSTIEL on January 28, 2014 by surprise attack to be placed in a nursing home (the so-called (PLAFA). Afterwards, he rubbed and destroyed all her belongings. The state of Vaud never apologized. There was no serious attempt for reparation and the Vaudois Magistrates are continuing to harass her. Principal responsables:*

**1.1. Pierre-Yves MAILLARD, Vaudois Councillor of State, responsible for the public Health and the social Action (until May 2019)**

*Under the regime of this caviar socialist, Vaud realized the double percentage of forced placements in nursing homes than the Swiss average. This allows to feed the industry of the nursing homes, psychiatrists, social assistants, etc.*

*MAILLARD is informed since 5 years of the crime committed at the costs of the ninety year old Rita ROSENSTIEL, but he did not feel it to be appropriate to apologize in the name of the State of Vaud, nor to take care to grant a reparation to be done since he had other priorities.*

*It is well known that among his clients, plenty of them are taking profit of the PLAFA industry (forced placement of elder people in nursing homes). For not deceiving these profiteers, he preferred to keep silent with regard to the scandal ROSENSTIEL, and as well, because he is courting the corrupt right parties.*

**1. 2. Eric KALTENRIEDER, President of the Vaudois cantonal Court**

*On April 11, 2017 he discussed with the unloyal Lawyer Anne-Catherine BULA the transaction to be prepared, to be signed on May 24, 2018. He exploited the State of weakness of the victim Rita ROSENSTIEL, resulting from 3 years of sterile procedures*

*for finding a solution, costing little or almost nothing to the State. He did foresee an indemnity for moral wrongs of CHF 20'000 for final settlement, disregarding the material damage caused to the victim. His only concern was to settle the case at little costs for the State. However, he is not saving money to have payed out his marvellous salaries, financed by the tax payers.*

*By message distributed via Internet and as flyers into the mailboxes of his living place, he got to know about the disastrous consequences of this transaction. Among others, the amount for moral wrongs of CHF 20'000 has been blocked by the actual curator, and [Rita ROSENSTIEL](#) is complaining that somebody has stolen the donation of a friend of the same amount. He waited to have the storm passed by, as he is practicing it for ever.*

*By decision of November 13, 2018 he imposed to [Rita ROSENSTIEL](#) to have to continue to deal with the Judge of peace [Véronique LOICHA MIRA](#), the one who did destroy her life. He did insinuate that the heavy and repeated mistakes of this Magistrate were not really serious. He did it for protecting the guilty individuals, because the well known conspiracy of the Vaudois Magistrates is obliging him to do so.*

### **1.3. [Eric COTTIER](#), Vaudois Attorney General (liberal-radical).**

*His «prosecutors» [Hélène SMITH](#) and [Hélène RAPPAZ](#) were carrying out a no-investigation against the curator [GOETSCHMANN](#) during three years, although his crimes were obvious. He has not been punished, because he has committed these horrors, ordered by the «Judge» of Peace [Véronique LOICHA MIRA](#), i.e. a clerk enjoying the total impunity of his corporation.*

*For hunting down the denunciation of the curator [GOETSCHMANN](#) and the «Judge» of Peace [Véronique LOICHA MIRA](#) because of them having forged a wrong inventory (= forgery), he quoted the principle «ne bis in idem». This offence has never been subject to any judgment, but he misused cunningly that principle for issuing a complacency decision in favour of these two offenders.*

*He had knowldege that the actual «President» of the cantonal Court, [KALTENRIEDER](#) did abuse of his authority, by exploiting the state of weakness of a ninety year old Lady, manipulating her to sign a shameful transaction, against her interests. Abuse of authority has to be pursued ex officio. He closed both eyes, because the plot of their interconnected corporation is evident. His actions are betraying him to be a close and reliable crony of [KALTENRIEDER](#).*

## 2. Considerations

*Given the gravity of the crimes committed at the costs of [Rita ROSENSTIEL](#),*

*Given the fact that the principle responsables did not answer the questions / allegations presented to them by registered mail of [November 22, 2018](#) within the imposed deadline (January 15, 2019),*

*Given that said allegations were not contested, they are deemed to be admitted (see above),*

*Given the fact that the Vaudois cantonal Parliament appears obviously to be unwilling to stop the plot, of which [Rita ROSENSTIEL](#) is still the victim,*

*Given that the Mass Media are part of the plot, by ignoring deliberately the continued harassment,*

*Given that the word «corrupt» is synonymous with transgression of the Border of Law and Morality (<https://fr.wikipedia.org/wiki/Corruption>),*

*We invoke the right of freedom of expression granted by the Universal Declaration of Human Rights, the European Convention of Human Rights and the Swiss Federal Constitution, for defining the situation in place of the politicians, being part of the problem. We consider it to be our civic duty to say by participating democracy whether the 3 Vaudois Magistrates are guilty or not guilty of corruption:*

## 3. Decision of the Jury Members concerning the accusation of corruption
