*Welcome pronounced by Gerhard ULRICH in French, English and German*

## ***Welcome to the Gilets jaunes in Geneva – February 20, 2019***

*My name is Gerhard ULRICH and I am a Swiss dissident, struggling against judiciary corruption.*

*We Swiss, we welcome our brothers and sisters coming from France. We bow before the victims of the Police brutality ordered by MACRON. **You are the salt of democracy**, and lets' hope that your momentum will spread more and more internationally.*

*The image of Switzerland of being a perfect Constitutional State is completely wrong. Our Swiss banksters are laundering the dirty money coming from the whole world, under the protection of our Judges. We are exporting corruption, but we have as well internal corruption. **Switzerland is the most corrupt country of this planet.** You are all concerned!*

*The European Court of Human Rights is getting rid of 99 % of the plaintiffs. The complaints addressed to the High Commissioner of human rights of the United Nations are not even registered. Maintaining a network with judiciary victims in several European countries, I came to the conclusion that **the beautiful texts of human rights are just a smoke screen.** No instance is surveying their application.*

***I beg you, our French friends to adopt the claim of the judiciary victims:***

**INTERNATIONAL MOVEMENT  
STOP JUDICIAL CORRUPTION**

*Gerhard ULRICH*
