In Geneva, there are those who denounce and those who protect paedophiles

Madam Colonel,

Yan LOPEZ is the author of the book "Les juges ont violé ma fille" (The Judges did drape my daughter), Ribelo Infanoj Editions, and of the portal

<https://drive.google.com/drive/folders/1abbz1Z9RO1OhcTGgQx2NxlMhFHA1w3f?usp=sharing> thus a whistleblower denouncing paedocriminals. After 30 years of loyal service as a video operator for Télévision Suisse Romande, he was fired by his superior, Vanni ERMACORA, who was obviously the accomplice of the French paedocriminals denounced by his subordinate.

From then on, LOPEZ felt free to denounce what he had discovered on the computers of certain TSR managers, unmasking them as paedophiles. See interesting [enclosure](#). On 27.09.19, the trial of SOCIETE SUISSE DE RADIODIFFUSION ET TELEVISION and Vanni ERMACORA c/Yan LOPEZ for alleged violation of honour took place at the Geneva Court of First Instance. The Judgment is outstanding.

After October 16, 2019 (the exact date is kept secret), Yan LOPEZ was arrested and put in isolation by your Judicial Police. Yet this man did not steal nor kill.

Apparently, paedophiles have long arms in your Republic and Canton of Geneva. His supporters have just launched a petition, asking the Public Prosecutor's Office to reveal the charges, and why he cannot be visited. Citizens are invited to sign it: <http://chnng.it/zRvrwQsFp4>

Madam, which side are you on - the ones who denounce or the ones who protect paedocriminals?

To you
