## **Profile**

Originating from St. Gallen and Schaffhausen (Stein am Rhein). Did start his career as a judge in the canton of Schaffhausen. Federal «Judge» for the political party PDC from 1986 to December 31st, 2014. President of the supreme Federal Court in 2003/2004.

## **Some victims of this perjured «Judge»:**

**Peter OTT** – This mountain farmer has been defeated 10 times by the federal Judges, out of which 5 times with the participation of AEMISEGGER. At the eleventh turn, AEMISEGGER and associates realized finally that OTT had been in his full right to protect his estate against erosion.

**Heinz AEMISEGGER stroke by silliness, but as well with sadistic pleasure.**

## **The Genevoiserie of June 1999 and the dementia of 3 federal «Judges»**

In the night of March 30 to 31<sup>st</sup> 1995 around midnight, a woman from Geneva has been savagely violated in the Park Perle du Lac by two motorists. Left alone with shame and wrong feelings of guilt, the victim filed a penal complaint only 3 years later, on April 23 1998. Supported by psychotherapy, the plaintiff shall claim that hypnosis had permitted her to reconstitute her memory, and with her indications, the police established 2 Robot portraits, which led to the identification of BELDAMI and BANNA. The 2 accused were transferred to Court of a Jury after a troublesome inquiry. The accused had always vigorously contested to be guilty, and all inculpatory elements were concealed. The credibility of the investigators is destroyed, since they repeated relentlessly the untruths with the aim to forge truths (VASSALLI). In June 1999, this Court condemned BELDAMI and BANNA without confession or formal evidences for rape with aggravating circumstances of brutality to 4 years of prison each one. Science is contesting the reliability of the memory reconstitution with the help of hypnosis. However, the jury were obviously convinced by the strong statements of the victim.

The 2 condemned appealed both up to the Federal Court. By decision of the Federal Court of September 29 2000 the federal «Judges» Heinz AEMISEGGER, Bertrand REEB and Jean FONJALLAZ did acquit BELDAMI with the motivation of «the equivocations characterizing the role of hypnosis».

The same federal «Judges» AEMISEGGER, REEB and FONJALLAZ confirmed in turn by decision of the Federal Court of October 2002 Banna to be guilty, having exactly the identical charges as BELDAMI.

Details see the book *Viol, hypnose et justice*. Pierre Vassalli, Editor Slatkine 2017.

**Such a contradicting behaviour adopted by federal «Judges» is casting doubt on their discernment. What did start with a Genevoiserie before the Court of Jury of Geneva in June 1999, ended with the insane decisions of the federal «Judges» AEMISEGGER, REEB and FONJALLAZ.**

AEMISEGGER has been the target of criticism of the citizens' initiative APPEAL TO THE PEOPLE, among others because of the case of Dr. Denis ERNI. This has resulted in a special action in Bern:

## **The protest action in front of the United Federal Assembly**

The election of the President of the High Federal Court for the years 2003 and 2004 was on the agenda of the United Federal Assembly on December 11, 2002. We had made our preparations thoroughly in great secrecy. Only a strictly limited number of persons knew, why we had mobilized our activists in the French speaking part of Switzerland to gather at 5.30 a.m. at the railway station of Lausanne. On the spot, I crossed nearly the family of the federal judge **Heinz AEMISEGGER** at the ticket counters. He was accompanied by his wife and their three children.

After arrival in Berne, we joined those comrades, who had made the journey separately, in the Café fédéral. We were about 20 persons. After a short briefing, we handed over to everyone a bunch of caricatures. On the backside of these caricatures, were printed short messages in German and French. They disappeared under our dresses. We crossed without problem the security check at the entrance to the Federal Palace and climbed up to the observers stands of the National Council hall.

Exactly at 8 a.m., the President of the National Council, **Yves CHRISTEN** rang the bell for opening the session of the United Federal Assembly. He cited the modalities of the election of the President of the High Federal Court. At that point, I raised-up – my comrades-in-arms threw simultaneously the caricature leaflets down in the hall on the heads of the assembled National Councillors and Senators. With my voluminous bass voice, I spoke out the following short message, to start in the dialect of German speaking Switzerland, followed by a French and Italian version:

*«APPEAL TO THE PEOPLE. We protest against the election of **AEMISEGGER** to the position of President of the High Federal Court. You were all informed that this federal judge is misinforming the truth. When federal Judges are lying, the constitutional state ceases to exist; the mechanisms of the appeals are paralyzed. There is no peace without justice, and there is no justice without the truth.»*

## Heinz Aemisegger, Bundesgerichtspräsident : der Raminagrobis der Justiz

Aemisegger wütet noch schlimmer als der böse Kater in den Fabeln von La Fontaine.

Ein Bürger hat Aemisegger gebeten, ihm eines seiner hirnrissigen Urteile zu erklären.

Mit Schreiben vom 09.02.01, antwortet der Raminagrobis der Justiz :

„ ... Das Bundesgericht kommentiert seine Urteile nicht, noch erklärt es diese; sie genügen sich selbst.“

The film cameras of the present television teams were all directed on me. The flashes of the Press photographers were lightening. From downstairs in the hall, you could not hear a sound. The surprise effect was perfect. Immediately, four gorillas jumped on the spot. They run down the staircases of the stands of observers to the rank, where I was located. But the access to it was kept by the peasant of the Highlands of the canton of Zürich, **Hansrudolf WALTHER** †. The four men assailed him. He resisted as long, as I had finished my speech and declared to be ready to leave the hall.

After having left the conference room, **CHRISTEN** expressed his regret for the disturbance. He added that the incident was a sign of transparency of a democracy. Thereafter, the United Federal Assembly proceeded to the election of the future President of the High Federal Court. Of the 188 delivered votes, **AEMISEGGER** made a score of 180. Obviously the federal Members of Parliament had elected him in a kind of blind fury.

Our expectations that the incident would be shown on television were disappointed. Not even a press article was published. Only the *NZZ* published the day after a photo with the legend: «*Ein Zuschauer unterbricht die Wahl des Präsidenten des Bundesgerichts*» (A spectator interrupts the Election of the President of the High Federal Court.)
