Profile

Born on December 9, 1965 in Lausanne. Son of the former State Councillor Jean-François LEUBA (†).

Law studies at the University of Geneva. Lawyer.

Director of the Vaudois Chamber of real estate and Secretary General of the Federation of French speaking Switzerland of real estate from 2005 til 2007.

Secretary General of the Vaudois Liberal Party from 1991 til 2000.

Liberal Vaudois Member of Parliament from 1998 til 2007. Elected State Councillor in 2007, he has managed the Department of Interior from July 1st 2007 til January 10, 2012. Just before the elections of 2012, he abandoned his position as the head of the Department of Interior, for becoming Head of the Department of Economics, this time on behalf of the merged Vaudois Radical and Liberal Parties.

Philippe LEUBA, as already his late father is Member of the Zofingers and of the Rotary Club, a close compagnion of the Freemason and « Vénérable » François JOMINI (former cantonal Judge VD), of Jacqueline DE QUATTRO and Pascal BROULIS (both State Councillors VD).

In parallel, LEUBA has made a career as a football referee, starting in 1993. He has been an international referee for the UEFA from 1999 til 2005.

The three known scandals (crimes) which Philippe LEUBA is dragging behind him

1) Skander VOGT

The illegal sequestration, followed by man slaughter – the Lawyer of Paris, Isabelle COUTANT-PEYRE did speak of **murder** – of the prisoner Skander VOGT on March 11 2010, are undoubtedly crimes which are characterizing best the perverted personality of Philippe LEUBA.

These crimes have occurred while Philippe LEUBA has been in charge of the Department of Interior. He was consequently directly responsible for the Vaudois prisons. LEUBA is thus politically responsible for this man slaughter. See www.worldcorruption.info/vogt.htm

It has to be mentioned that Skander VOGT had attracted the attention of the public opinion about his illegal sequestration on July 22 / 23, 2008, when he had climbed on the top roof of the prison. He has succeeded in this way to force the prison « authorities », i.e. to talk to the Mass Media for denouncing the violation of Law at his costs.

On the day of that man slaughter, the services of Philippe LEUBA fainted to have been caught in management by panic..., but in reality, it is quite unlikely that this has been the case. Following a phone call of Marc-Etienne BURDET on March 12, 2010 – at that time sequestered in the prison of the EPO/La Colonie – with Isabelle COUTANT-PEYRE, Lawyer in Paris of Skander VOGT, the situation appeared to be quite different. The details are available, since recorded in a letter addressed to the Lawyer COUTANT-PEYRE on March 18 2010:

www.worldcorruption.info/index_htm_files/2010-03-18_coutant_peyre_skander_vogt.pdf

The hypothesis that the mattress had been inflamed may be queried. It is well possible that an intentional man slaughter has been committed.

According to the statements made by the Lawyer Isabelle COUTANT-PEYRE to Marc-Etienne BURDET, **Switzerland was on the point to be condemned in the context of a complaint submitted to the ECHR.** Skander VOGT had certainly no reason to end his life. **The decision was imminent.**

In that case, the Département of Philippe LEUBA would have been accused of illegal sequestration lasting 11 years, for a condemnation fixed initially to last 20 months in prison. **Politically, Philippe LEUBA would never have recovered!**

The letter of March 18, 2010 was describing that the situation in **the section of high security has been** calm at the moment, when Skander VOGT did call for help. He may have been surprised during his sleep by smoke. **The day before, repair works had been undertaken in the aeration system of his cell. ...** The

guardians had the option to aerate his cell by opening the first, reinforced door, without taking any risks, since these cells are having a second screen door, for serving the food to the prisoners. Why did they not make use of that possibility? ... We know that **no credit at all can be given to the conclusions of the internal investigations**. To place any trust into the «Magistrates», the servants of the State – who are under the control of the Freemasons, to whom Philippe LEUBA is belonging – would be a pathologic naivety.

By switching Departments before the elections in 2012, Philippe LEUBA thought to have escaped his liability. However, in the long run, things remained unchanged.

2) Michel BURDET

In the framework of the frauds committed during the bankruptcy of Michel BURDET, Philippe LEUBA has intervened as a Master of blackmailing, for having the Inspector of the criminal Police VD BURDET (brother of Michel BURDET silenced). See www.worldcorruption.info/burdet.htm

The Inspectors of the criminal Police and of the Gendarmerie are swearing the following oath « *to be loyal to the Constitution of the Confederation and of the Canton of Vaud. To preserve and defend the independence of the country, to get and to have advanced its honor and progress, as well as to avoid or prevent all what may cause losses and damages.*

To exercise their functions and duties conscientiously and zealously, attentively and loyally, which are imposed and to observe strictly the laws, etc. »

The inspector BURDET had at his disposal the evidences that his family has been embezzled, and by his commitment to his duties and the sworn oath to respect the Constitution, he had had the intention to have the Law applied.

At that time, it was not yet established that the crime in question had been projected within the State institutions, by Freemasons. Philippe LEUBA intervened thus in his quality as a « Brother » of the Sect of the Freemasons and as a Member of the Rotary Club and the Zofingers **for preventing the sworn in inspector to do his job** for granting the impunity of his masonic partners in crime...

Philippe LEUBA of the political party **PLR** called upon the Head of the Departement of Justice and Police **Jacqueline DE QUATTRO PLR** as well to put pressure on the inspector BURDET, forcing him to abandon his obligations! The governmental College and the Commander of the cantonal Police **Jaques ANTENEN**, partner in crime since the very beginning of that procedure, at the time when he has been leading cantonal investigating «Judge», did not hesitate to

exercice **BLACKMAILING** on the sworn in inspector, for covering a crime benefitting the freemasonic «Brothers»!

www.worldcorruption.info/burdet.htm#leuba_trio

In this way, the Trio, according to the evidences provided under that link, did threaten the sworn in inspector, having already served since 30 years, to fire him, if he would pursue to face the unmasked criminals with their responsibilities, some of them being state clerks. The mentioned Trio is hence directly partner in crime of the **embezzlement of the property of Michel BURDET** and his family. And these individuals are governing the State and the cantonal security... We are living a real nightmare!

3) Gil BEURET

The affair of the small contractor Gil BEURET/La Fourmi will be detailed in due course. He is presently jailed (in sequestration) at the Etablissements de la Pleine de l'Orbe (EPO), subsequently to a forged trial for granting the impunity of criminals. The file BEURET contains evidences that the State Councillor **Philippe LEUBA, in 2012 already in place did intervene as Lawyer of the opposit party, for committing blackmailing against Gil BEURET.** Obviously, this is a standard behaviour of his, if one refers to the file BURDET mentioned above.

Conclusion:

Philippe LEUBA belongs without any doubt to the hidden power, having control of this Canton of Vaud in favour of their private businesses. Corruption is in blossom to the advantage of the Oligarchs, of whom he is one of their dominating representatives in this Canton. Under the influence of the secrete societies, the actual Vaudois judiciary apparatus has to be assimilated today with a criminal organization. LEUBA is the most dangerous Vaudois politician of our time, in addition a Lawyer who is directing the operations in favour of the hidden oligarchs.
