Role assumed in the affair [LÉGERET](#)

Sandra ROULEAU has presided the court of penal appeal on August 16, 2011 which has rejected the revision request of François LÉGERET, with the argument that the investigation had been botched up, among others because of the inconsistency concerning the description of the positions of the scissors, declared to be the «neuralgic piece of evidence» – 6 different locations described in the file. ROULEAU backslided three times more in this affair, presiding the penal court of appeal of the Vaudois cantonal court assembled on May 24, 2013, on June 30, 2014 and June 4, 2015, rejecting 3 other revision requests of François LÉGERET. The Lawyer J. LOB has addressed a recourse on June 27, 2015 against this latter decision to the Federal Court, concerning the refusal of ROULEAU and Co to investigate about the exact start of the intimate liaison between her colleagues [BENDANI](#) and [COLELOUGH](#) (= collusion). Outraged, LOB asked in that paper: «How can those sworn in Judges be cheating?»

Profile

The author made acquaintance with Sandra ROULAU on the phone in 2000, when she was clerk at the Vaudois cantonal court. She was informed that the Vaudois «Judges» had me expelled from my own house, and that they hindered me to recuperate even my personal belongings. At the very beginning of her career in the Judiciary, she was thus aware of its awkward state. Obviously, she had learned her lesson very well, since she accomplished an accelerated career in this nursery of crooks.

In 2004 she was already «President» of the court of La Côte in Nyon, and in 2010 she got promoted to the cantonal court.

Among others, she has covered the extremely serious medical mistakes of the surgeon-butcher **Gaston-François MAILLARD**, as well as the corruption and the fraud of the federal «Judge» **R.M. SCHNEIDER**. To have become guilty in the judiciary crime against **François LÉGERET** is the logical sequence.
