Profile

Judiciary terror from father to daughter.

She did start her career in the Judiciary as a «juge de paix» at Pully. Subsequently, she was elected cantonal «Judge».

KÜHNLEIN-HOFMANN has shown up in our database in 2006, when she has been «juge de paix» at Pully (a case of child abuse).

Caroline KÜHNLEIN managed the inheritance of late Philippe GALLAND as «juge de paix» at Pully VD. In the inheritance of his father, Patrice GALLAND has produced wrong accounting figures from summer 2003 until March 2008. Mrs. KÜHNLEIN simply ignored the signals, indicating that there was a fraud. See text published under **COLELOUGH**, «Le Super-Franco VERDA des Vaudois».

She is as well involved in an abusive forces placement of an old person in an old age home:
